D ●●

BIP39 number sheet D of 4 ·numbers 1536–2047 of 0000–2047

Each die is a coin. Read the top face only: **● dots**, **○ blank** (ordinary dice: even ●, odd ○). Each number is the eleven dice read as one binary number: a position in the official BIP39 list, counting from **0000**. No words are needed to roll, record or stamp it.

Dice: sheet **2 orange** | row **5 white** | column **4 black** · within each colour, fewest dots on the left
